U.S. Patent and Trademark Office
REEXAMINATION/REISSUE
Electronic Case File Contents

The paper reexam or reissue file (including all papers in the file and the file wrapper itself) has been electronically scanned(imaged) in the Central Reexamination Unit (CRU), and an electronic case file has been created. Any member of the public may electronically retrieve and view images, or make any copies desired, of documents from the reexam/reissue file, at the REPS (Reexamination Processing System) terminal in the Public Search Room. The electronic file will be continually updated to include all incoming, outgoing and internal correspondence added to the paper reexam/reissue file.

None of the U.S. patents cited in the reexam/reissue file have been scanned, as copies may be obtained from other sources. An examiner-initialed PTO-1449 form (which should be attached to an Office action following the submission of an IDS) will indicate any U.S. patents that were submitted and considered by the examiner.

This contents sheet is intended to duplicate the CONTENTS listing on the paper file wrapper and reflects the status of the electronic reexam/reissue case file as of the date of the last item listed below.
